Environmental Coordinator

OUR DREAM

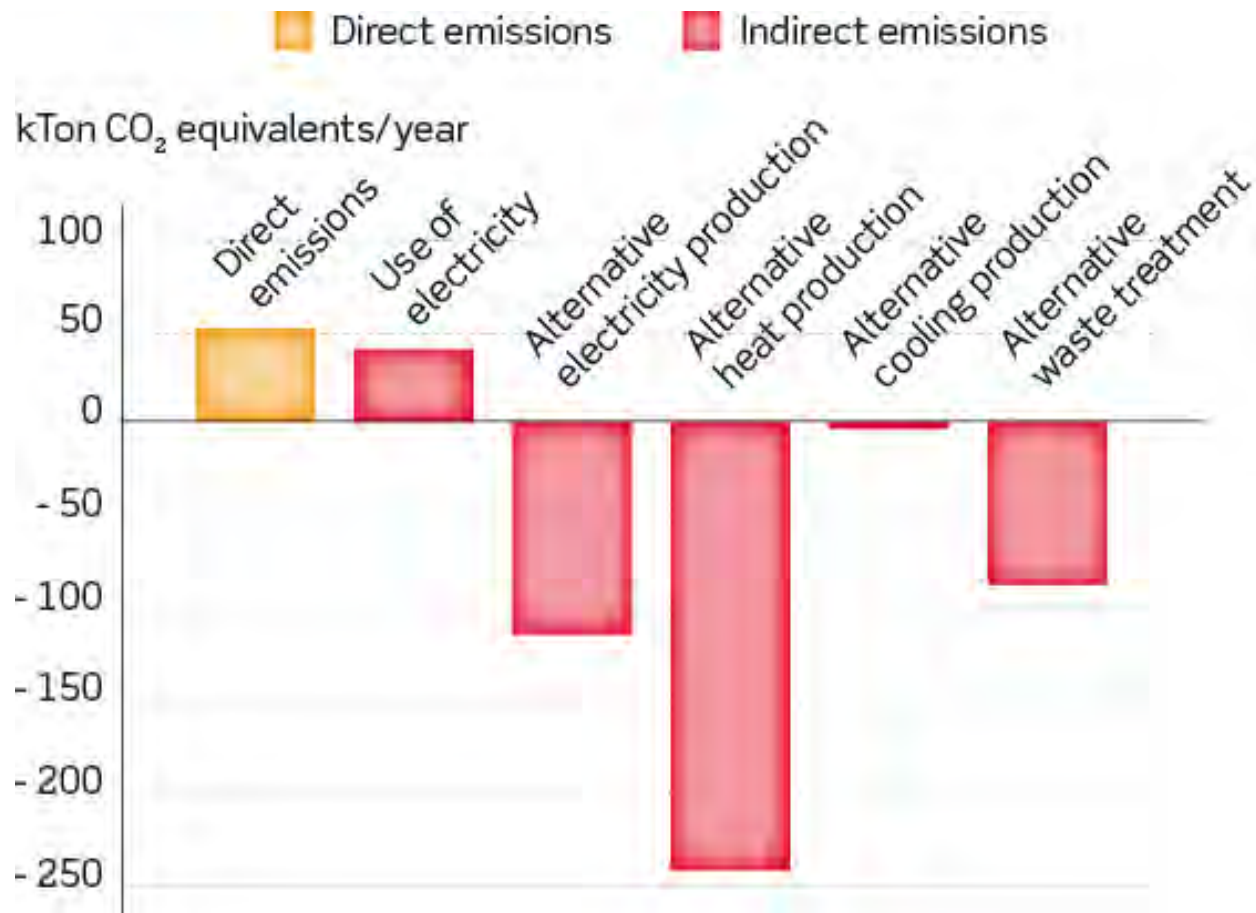

- A CITY FREE FROM FOSSIL FUELS

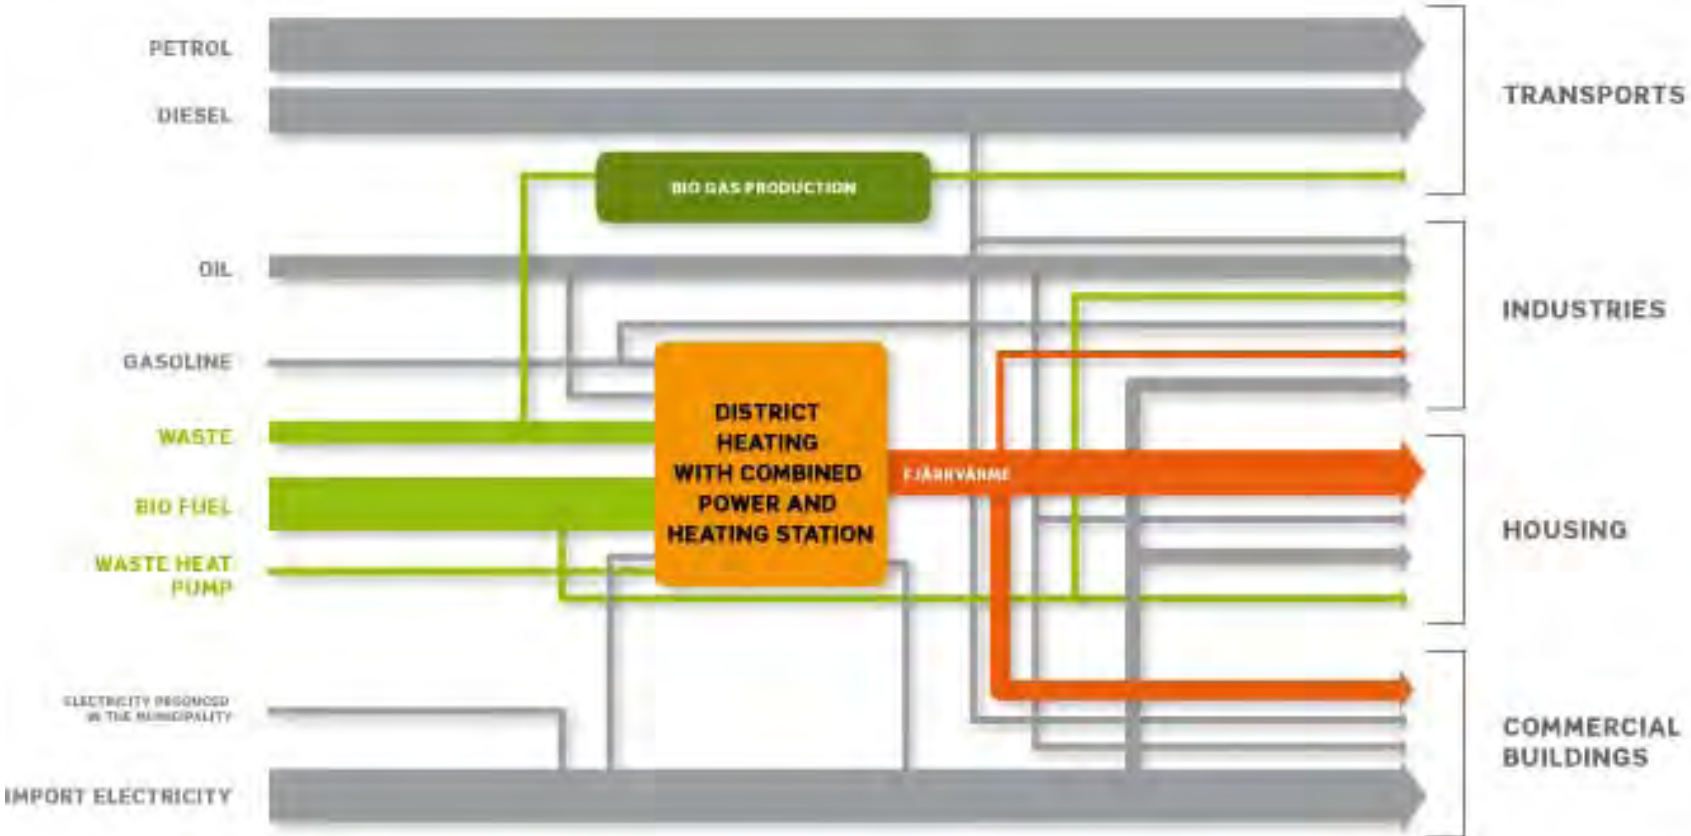

Borås: the sustainable city

Direct and indirect emission from BEM's production of district heating and district cooling in 2007

Energy channels in Borås

Our challenges

- Replace fossil fuel based heating in Borås.
- Increase the percentage of non-fossil based vehicle fuel.
- Produce more renewable electricity for Borås.
- Save energy!

100,000 people working toward the same goal!

OUR DREAM

- A CITY FREE FROM FOSSIL FUELS
